GIMP SCALE

4	I have the ability to develop and create new projects using multiple pictures, layers and advanced techniques in GIMP or a comparable photo editing software independently and could demonstrate these skills to others.
3	I am able to create a project in GIMP and can understand and apply the basic concepts of photo editing using layers without help from my teacher or peers. Basic Concepts • Red eye removal • Opacity • Layers • Alpha Channel • Lasso Tool • Cropping • Blending (dodge/burn) • Cloning
2	I understand some of the concepts of basic photo editing and with help from my teacher or peers, I could demonstrate some of the skills needed to create a project using GIMP Basic Concepts • Red eye removal • Opacity • Layers • Alpha Channel • Lasso Tool • Cropping • Blending (dodge/burn) • Cloning
1	I a understand some of the basic concepts of photo editing and with the help from my teacher or peer I could follow along with a demonstration to start creating a project using GIMP. Basic Concepts • Red eye removal • Opacity • Layers • Alpha Channel • Lasso Tool • Cropping • Blending (dodge/burn) • Cloning
