

# GIMP

## MORPHING PROJECT

---

### HOW TO TURN IT IN!

1. **EXPORT** your Image to a JPEG
  - a. **FILE**
  - b. **EXPORT TO**
  - c. **CLICK** at the **BOTTOM** (**Select Image Type**) and Choose JPEG
2. Go to WEEBLY and Log in
3. Edit your Site
4. On the **PROJECTS** Page
  - a. Add a **TITLE** block “gallery of my Best Work”
  - b. Add a **TEXT** block with a brief statement of the purpose of the page.
5. Add another **TITLE** block – with the text “GIMP Morphing Project”
6. Select **TEXT** block
7. Add an **IMAGE** block into the paragraph (look for the blue box!)
8. **Upload your Image as a JPEG.**
9. **Click on your image**
  - a. Turn the light box option **ON!**
  - b. Add a caption for your picture
10. Type a brief paragraph describing your project idea, the pictures used and some effects. This should **NOT** be a step by step. The last section should be a promo for GIMP! (see my example on [www.bcexample.weebly.com](http://www.bcexample.weebly.com)) Remember to add **White Space!**
11. **SOURCE** your Images – In at the bottom of your description (Font should be smaller.)
12. **PUBLISH YOUR PAGE!!**
