

WEB DESIGN SCALE (WEEBLY)

4	<p>I have the ability to develop and create a customized website in Weebly using customized page layouts. I can customize the website with advanced features including custom HTML coding. Using the basic ideas of block coding I could transfer my skills to a comparable web design software independently and could demonstrate these skills to others.</p>
3	<p>I am able to create a website in Weebly and can understand and apply the basic concepts of web development and design without help from my teacher or peers.</p> <p>Learning Targets:</p> <ul style="list-style-type: none"> • Add Title Blocks • Add Text Blocks • Add and Format Images • Modify and customize a banner • Set Default fonts • Use the Elements of good design • Apply the Rule of thirds • Publish a Webpage • Apply Internet Safety Guidelines 
2	<p>I understand some of the concepts of web development and design. With help from my teacher or peers, I could demonstrate some of the skills needed to create a personal website using Weebly.</p> <p>Learning Targets:</p> <ul style="list-style-type: none"> • Add Title Blocks • Add Text Blocks • Add and Format Images • Modify and customize a banner • Set Default fonts • Use the Elements of good design • Apply the Rule of thirds • Publish a Webpage • Apply Internet Safety Guidelines
1	<p>I understand some of the basic concepts of web development and design. With the help from my teacher or peers, I could follow along with a demonstration to start creating a Website using Weebly.</p> <p>Learning Targets:</p> <ul style="list-style-type: none"> • Add Title Blocks • Add Text Blocks • Add and Format Images • Modify and customize a banner • Set Default fonts • Use the Elements of good design • Apply the Rule of thirds • Publish a Webpage • Apply Internet Safety Guidelines
0	<p>I am not yet able to understand and use Weebly to develop a website.</p>
